# INTRODUCTION

For tax year 2000, the District of Columbia Office of Tax and Revenue (D.C. OTR) will be offering Federal/State Electronic Filing Program (E-File). The D.C. OTR will begin accepting electronically filed individual income tax returns with either a tax refund or balance due beginning on January 16, 2001. Only returns transmitted along with the federal return will be accepted.

**The District of Columbia Office of Tax and Revenue Handbook for Electronic Filers of Individual Income Tax Returns And Information for Software Developers (Tax Year 2000)** combines the features of *IRS Publication 1345, Handbook for Electronic Filers of Individual Income Tax Returns (Tax Year 2000)* and *IRS Publication 1346, Information for Software Developers*.

This handbook is to be used in conjunction with the IRS Publications. All rules, regulations, and requirements governing tax preparers, transmitters, and originators of returns put forth by the IRS are in effect for the D.C. OTR. The D.C. Handbook sets forth those items that are specifically unique to the D.C. E-File program.

The D.C. OTR requires that all participants be accepted in the Federal program in order to participate in the District of Columbia Electronic Filing Program. Since IRS Publication 1345 provides detailed instructions on hardware, transmission procedures, policies, etc., that apply to the District of Columbia program, it is recommended that all participants study the federal publication prior to reading the District of Columbia Handbook.

## ASSISTANCE

### Taxpayers

The DC OTR is making a concerted effort to process all clean E-File returns and mail refunds within **two** weeks of receipt. However, it is recommended that taxpayers allow **three** weeks for their refund to arrive before making an inquiry to the D.C. OTR. Please be advised that processing will take longer if there is a problem with the return that requires the return to be adjusted internally or resubmitted on paper. Tax refund information may be obtained by calling the Customer Service Office. Their current telephone number is (202) 727-4TAX.

### EROs, Transmitters, and Software Developers

The D.C. OTR will operate a Help Desk exclusively for EROs, transmitters, and software developers who are experiencing problems. The operating hours will be Monday through Friday, 8:00 a.m. to 4:00 p.m. The Help Desk telephone number is (202) 442-6323. This telephone number should not be provided to taxpayers.

Any correspondence concerning errors made on an electronically filed return will be directed to the ERO, who should then communicate the problem (if necessary) to the taxpayer.

# FEDERAL/STATE ELECTRONIC FILING

## Background

Beginning with tax year 1996, the D.C. OTR has collaborated with the IRS in the Federal/State joint E-File program to simultaneously transmit federal and D.C. data electronically. After the successful 1996 prototype and 1997 pilot programs, D.C. E-File conducted a full-fledged program for the 1998 and 1999 tax years. For tax year 2000, D.C. OTR will continue to allow refund, even, or balance due returns that are prepared in the D-40 format. (D-40EZs are allowed if converted to D-40).

## How Federal/State E-File Works

Tax preparers and transmitters accepted in the IRS Electronic Filing Program and the District of Columbia Electronic Filing Program will be able to file both the federal return and the D.C. return in one transmission to the IRS Andover Service Center. Both the IRS and the D.C. OTR must certify the software used to transmit the data. The IRS will acknowledge acceptance of the federal data and receipt of the state data. The IRS acts as a conduit through which the D.C. OTR will retrieve the D.C. data for processing.

The D.C. OTR will acknowledge receipt of all returns retrieved from the IRS. The returns will then be processed through the D.C. OTR's computer system.

# APPLICATION PROCESS

## **EROs and Transmitters**

In order to participate in the D.C. Electronic Filing Program, interested parties must apply with IRS by completing and submitting the IRS Form 8633, "Application to Participate in the Electronic Filing Program". This form is available from the IRS. Refer to IRS Publication 1345 for specifics on the federal application process and requirements.

## **Software Developers**

All software developers must contact the Electronic Filing Coordinator and express their intent to develop and test software. Upon the Coordinator's consent, the software developer may begin testing. Software Developers should also have completed the IRS Form 8633 and begun Federal PATS testing.

# ACCEPTANCE PROCESS

## **Software Developers**

All software developers are required to follow the IRS testing procedures for acceptance into the Federal/State Electronic Filing Program. The D.C. OTR will provide only software developers with test data and instructions to perform D.C. testing. Software developers will NOT be accepted to participate in the D.C. Electronic Filing Program until software testing (using the DC-1436) has been successfully completed. Upon approval, an acceptance letter will be mailed.

## **EROs and Transmitters**

All ERO/Transmitters who are accepted by IRS to participate in Federal/State E-File will automatically be accepted into the D.C. program. All ERO/Transmitters should retain documentation of acceptance from IRS in their records.

# DISTRICT OF COLUMBIA ELECTRONIC RETURN

The District of Columbia electronic return will consist of data transmitted electronically and supporting documents.

## **Electronic District of Columbia Return Data (data transmitted electronically)**

All D-40 information and all supporting federal returns and schedules must be transmitted electronically to the District of Columbia. All District of Columbia return data should be transmitted in the Generic Record. All federal schedules and wage and tax statements should be transmitted in the Unformatted Record.

**NOTE: Supporting federal schedules and forms MUST be transmitted to D.C. along with the D.C. return data or the return will be rejected. Please see page 11 for more information regarding rejection of electronic returns.**

## **Non-Electronic District of Columbia Return Data (supporting documents)**

The District of Columbia no longer requires that paper documents be mailed to the Electronic Filing Unit. However, it is the responsibility of the ERO/Preparer to securely retain these documents.

**The following paper documents should be retained by the preparer until December 31, 2003:**

1. Form DC-8453, *District of Columbia Individual Income Tax Declaration for Electronic Filing*.
2. State copies of Forms W-2, W-2G, and 1099-R.
3. Physician's statement for blindness if claimed for first time.

In the event that there is a problem with a return, the D.C. OTR may request copies of these documents during the preparer retention period. After the three-year period, all paper documentation may be destroyed.

If, for some reason, the ERO/Preparer ceases to do business, all D.C. documents retained during the three-year period should be sent to the Electronic Filing Unit.

## EXCLUSIONS FROM ELECTRONIC FILING

For the 2000 tax year, the only District of Columbia tax documents that are acceptable for electronic filing are the Form D-40 (and D-40EZ in D-40 format).

The following forms/line items will not be acceptable for electronic filing for the 2000 tax year:

1. Amended returns
2. Prior year returns
3. Nonresident returns
4. Part-year resident returns

6. Extension requests
7. Returns for any period other than January 1 to December 31, 2000

## NEW FOR TAX YEAR 2000 D.C. EARNED INCOME TAX CREDIT

### INFORMATION ABOUT THE D.C. EARNED INCOME TAX CREDIT (EITC)

You are allowed to claim the D.C. Earned Income tax Credit if you qualify for and claim the Federal Earned Income Credit on your federal tax return. You **must** attach a copy of your Federal return.

If you are single and wish to claim the EITC, you may file either as a single taxpayer or as head of household.

If you are married and wish to claim the EITC, you must file as married filing jointly (see restrictions below).

The maximum EITC credit allowed for D.C. filers is \$389. This is 10% of the Federal maximum of \$3888.

The EITC is a **refundable** credit.

### RESTRICTIONS ON THE D.C. EARNED INCOME TAX CREDIT (EITC)

You **must** use Form D-40 for your D.C. Income Tax Return. You **may** file either a paper or electronic D-40.

You **may not** claim both Low Income Credit and EITC. However, you **should** claim whichever is most to your advantage. Use the **EITC worksheet** to make this comparison.

If you are married, you **may not** file separately to claim EITC (you may claim EITC **only if you file a joint return**). This conforms to IRS federal requirements.

You **can not** TeleFile your D.C. Return if you claim EITC. (But you **can** claim EITC if you file a Form D-40 electronically)

Please use the EITC worksheet and instructions in the D-40 booklet to determine whether you may claim the D.C. Earned Income Tax Credit.

## **TRANSMITTING THE D.C. ELECTRONIC RETURN**

The District of Columbia return data must be transmitted to the IRS Andover Service Center with the federal return data in accordance with the IRS procedures.

When the IRS has provided an acknowledgment of acceptance to the transmitter, the D.C. return data will be made available to the D.C. OTR for retrieval within 24 hours of the federal acknowledgment. If the federal return data is rejected, the D.C. return data will **not** be available to the D.C. OTR.

## **ACKNOWLEDGMENT OF DISTRICT OF COLUMBIA ELECTRONIC RETURNS**

For tax year 2000, the Centralized State Acknowledgment System (StAck) will be used to send D.C. acknowledgments. Program participants that are required to directly access the Centralized State Acknowledgment System to retrieve their state acknowledgments will be required to register with the service provider. You should be aware that there will be a nominal fee charged by the service provider for the use of the Centralized State Acknowledgment System. If your software provider accesses this system on your behalf, you will not be required to register with the service provider. You should refer to your software instructions for additional information regarding your responsibilities for accessing and retrieving state acknowledgments.

To register, you can call the Centralized State Acknowledgment System (StAck) Help Desk at (828) 349-5750 to request an application. Once you have received and completed the application, you may mail it (or fax it to (828) 349-5745). You may also register with the Centralized State Acknowledgment System through [www.state-ack.net](http://www.state-ack.net).

## **ACKNOWLEDGMENT SYSTEM**

The District of Columbia will use the Centralized State Acknowledgment System (StAck) developed by participating states in association with the Federation of Tax Administrators (FTA). This system will be used as the value added network (VAN) to receive and distribute the acknowledgment data. All proposed software must be able to receive acknowledgment records from the StAck. The D.C. acknowledgment record will use the standard 42 byte format.

A direct transmitter of state returns will establish a mailbox with StAck (see page 9). The transmitter will be assigned a Mailbox ID by StAck. This Mailbox ID number will be inserted in the Mailbox ID field of the state generic record (IRS 052). Every return processed by the transmitter, for any state, will have the same Mailbox ID. The states will use the mailbox to acknowledge receipt of return data on the network. When a transmitter receives data from the system, it may contain acknowledgment records from any of the participating states.

For software developers who retrieve the state acknowledgment record for their clients, Electronic Return Originators (EROs) do not need separate accounts with StAck. Please let your clients know this.

The State Packet Code in the IRS ACK Key Record will indicate the receipt of the state return at an IRS Service Center.

Transmitters should compare the District of Columbia acknowledgment records against the returns transmitted to determine that all returns were successfully received by the D.C. OTR. The timely posting of District of Columbia acknowledgments by software developers to their clients is strongly recommended. In the event an ERO does not successfully transmit a state record electronically, immediate affirmation allows the ERO to promptly file the return through the normal paper process.

## REJECTION OF ELECTRONICALLY FILED RETURNS

The District of Columbia Fed/State E-File Program will be rejecting returns at the state level for tax year 1999 in instances where the required supporting federal documents are not submitted electronically. Rejection notification will be given through the StAck system. Returns will be rejected for the following reasons:

- 1) Absence of Forms W-2 if wages, salaries, and tips are present – Error code 001.
- 2) Absence of Schedule A if itemized deductions are present – Error code 002.
- 3) Absence of Schedule C if business income/loss is present – Error code 003.
- 4) Absence of Schedule D if capital gain/loss is present – Error code 004.
- 5) Absence of Schedule E if rents, royalties, estates, trusts, etc. are present – Error code 005.

**NOTE:** The return will be rejected on the first error found by the DC E-File System. Additional error codes will **not** be indicated in the acknowledgment.

The acceptance/rejection indicator will be present in byte 35 of the StAck Detail Record (see page 19). An “A” will indicate acceptance of the return, and an “R” will indicate rejection of the return. If an “R” is present, the error code will be present in bytes 37-39 of the record.

**IF AN ELECTRONICALLY FILED RETURN IS REJECTED FOR ANY REASON, THE RETURN MUST BE RE-FILED ON PAPER. IT MAY NOT BE RETRANSMITTED.**

## FORM DC-8453

The Form DC-8453, *District of Columbia Individual Income Tax Declaration for Electronic Filing*, is the District's signature form equivalent to the federal Form 8453, *U.S. Individual Income Tax Declaration for Electronic Filing*. Please verify that the name, address, and amount of payment listed on the D-40 VE are identical to the data transmitted electronically.

In addition, the D.C. OTR will be offering credit card payment for all balance due returns. Please see the D-40 Booklet for details.

## **RESPONSIBILITIES OF PREPARERS/TRANSMITTERS/EROS**

Preparers, transmitters, and EROs must maintain a high degree of integrity, compliance, and accuracy to remain in the Federal/State Electronic Filing Program. They must also follow the terms set forth in this handbook and adhere to the requirements below. Persons or firms not meeting these requirements are subject to suspension from the program by the D.C. OTR.

### **Accuracy**

It is important to verify the accuracy of the name, address, and Social Security Number for all taxpayers. Inaccurate information may delay the processing of the return.
