Background

The bill requires¹ the Department of Youth Rehabilitation Services (DYRS) to provide prenatal and postpartum care to pregnant youth in its care. Specifically, the bill requires DYRS:

- Provide comprehensive healthcare, evaluation, and treatment from maternal healthcare providers licensed in the District, including:
 - Contact with a maternal care provider within the first three weeks postpartum, followed by ongoing care as needed, concluding with a comprehensive visit no later than twelve weeks after birth;
 - Specialized pregnancy or postpartum healthcare as needed; and

¹ By amending The Department of Youth Rehabilitation Services Establishment Act of 2004, effective April 12, 2005 (D.C. Law 15-335; D.C. Official Code § 2-1515.01 et seq.).

Financial Plan Impact

Funds are sufficient in the fiscal year 2026 through fiscal year 2029 budget and financial plan to implement the bill. DYRS already provides pregnancy tests and healthcare evaluations for pregnant youth in its care. The agency also has written policies addressing the care of pregnant youth in its facility. No additional resources are required to implement the bill.
