Background

The St. Elizabeths campus is a National Historic Landmark located in Southeast Washington, D.C. and is comprised of a West and East campus. In 1987, the federal government transferred ownership of the East campus to the District. The St. Elizabeths East redevelopment framework plan¹ and the subsequent St. Elizabeths East Master Plan and Design Guidelines established the vision, scope, and details of how the District would revitalize the East campus. Most recently, the District approved the disposition of Parcel 15 of the St. Elizabeths East campus.²

The Honorable Phil Mendelson

FIS: Bill 24-466, "St. Elizabeths East Parcel 13 Surplus Declaration and Disposition Approval Act of 2022,"
Draft Committee Print as provided to the Office of Revenue Analysis on November 3, 2022

The bill declares as surplus, and disposes for private development, an additional parcel of the St. Elizabeths East campus known as Parcel 13. Parcel 13 is approximately 138,162 square feet of vacant land located at 1100 Alabama Avenue, S.E.³ Parcel 13 is no longer needed for public purposes.

The bill disposes Parcel 13 to Neighborhood Development Company, L.L.C. The developer plans to construct approximately 21,000 square feet of retail and commercial space and approximately 421 residential units. Because the developer is benefitting from the disposition of public property, it must ensure that 30 percent of the residential units are dedicated as affordable housing.⁴ The District will dispose of the land through a 99-year ground lease for rent of \$1 annually, payable in advance. The bill sunsets the District's authority to dispose of Parcel 13 two years from the bill's effective date.

The developer must sign a First Source Agreement⁵ with the District and use Certified Business Enterprises for at least 35 percent of the contract dollar volume of the project, 20 percent of the project's equity financing, and 20 percent of the dollar volume of non-construction development activities.

Financial Plan Impact

Funds are sufficient in the fiscal year 2023 through fiscal year 2026 budget and financial plan to implement the bill. The developer will lease the property under a 99-year ground lease for \$1 annually, but it will pay the full rent of \$99 at closing on the transaction. The District will deposit the rent payment into the Local Fund. The District has two years from the bill's effective date to dispose of Parcel 13.
